

ZEN Patio System

Cover your outdoor area with the Zen Patio System

The ZEN Patio Retractable Roof System gives you the option to stay outside and enjoy the sun, or be protected from it.

Our system can be easily adapted to a range of designs and buildings and can be installed on existing timber, aluminium structures or even be built as its own free standing frame to give protection immediately.

Transform your outdoor to indoor, thanks to the innovative design and the high level of weather resistance.

- UV & heat protection creates a pleasant outdoor environment

- Architecturally designed profiles & components that can be colour coordinated to the existing house/building

- High quality construction & robust components guarantee long lifespan and ease of operation

Guarantee on structure, fabrics and motors.

The Zen Patios design was thought through with the essence of new trends and European Design, is clearly influenced by clear lines and open tidy spaces.

The goal was to create a well balanced covered area, in harmony with the environment.

By combining a sophisticated and innovative design, the system is a powerful decorative feature. also easy to assemble.
